Arise, awake, and Manifest the Divinity within! **Swami Vivekananda**

Being educated with modern education from a renowned institution like Presidency & Scottish Church College, Kolkata Narendra Nath Dutta became Swami Vivekananda after he attained divinity as disciple of Shri Ramkrishna Paramahansa and has been inspiration for youths since nearly 125 years.

Great personalities have expressed their gratitude and their respect towards him in their own words -
Rabindranath Tagore - "If you want to know India, study Vivekananda. In him everything is positive and nothing negative."

Netaji Subhash Chandra Bose - "I was barely fifteen when Vivekananda entered my life, then there followed a revolution within and everything was turn upside down."

Mahatma Gandhi

"I have gone through Swami Vivekananda's works very thoroughly, and after having gone through them, the love that I had for my country became a thousand-folds."

Jawaharlal Nehru

"Where can you find a man like him? Study what he wrote, and learn from his teachings, for if you do, you will gain immense strength. Take advantage of the fountain of wisdom, of Spirit, and of fire that flowed through Vivekananda."

Christopher Isherwood

"One of the very greatest historical figures that India has ever produced.

Some of his quotes on different walks of life:-

Quotes of Swami Vivekananda:- ..

ON SUCCESS

To succeed...you must have tremendous perseverance; tremendous will power; work hard and you will reach the Goal. Each work has to pass through these stages - ridicule, opposition and then acceptance. Each man who thinks ahead of his time is sure to be misunderstood whatever you do, devote your Whole mind, heart, and soul to it. Take up one idea. Make that One idea your life - think of It., dream of it, live on that Idea. Let the brain, muscles, Nerves, and every part of your Body, be full of that idea, and just leave every other idea alone. This is the way to success

ON RELIGION

Whatever you do for your own sake is not religion
To devote your life to the good of all and to the happiness of all its religion

ON THE TRUTH

Tell the truth boldly whether it Hurts or not. Never pander to Weakness. If truth is too much for intelligent people and sweeps them away, let them go; the Sooner the better. Childish ideas are for babies and savages; and these are not all in the nursery and forests, some of these have fallen into the pulpits.

ON COURAGE

All the powers in the universe are already ours. It is we who have put our hands before our Eyes and cry that it is dark. Give up that hateful malice, that dog-like bickering and Barking at one another, and Take your stand on good Purpose, right means, righteous Courage, and be brave.

ON GOD

Stand up for God; let the World go.
Where can we go to find God. If we cannot see Him in our Own hearts and in every living Being?

ON PATRIOTISM

I loved my motherland dearly before I went to America and England. After my return every particle of the dust of this Land seems sacred to me

Let us all work hard, my Brethren; this is no time for Sleep. On our work depends the Coming of the India of the Future.

ON INDIVIDUALITY

My life is more precious than spending it in getting the Admiration of the world

People may say, 'Have faith In his fellow and have faith in that fellow,' but I say have faith in yourself first and the rest is bound to follow.

ON SELFLESSNESS

When we really begin to live In the world, then we Understand what is meant by Brotherhood or mankind, and Not before.

Every good deed that we send To the world, without thinking Of any return, will be stored up There and break one link in the Chain, and make us purer, Until we become the purest of Mortals.

ON LIFE IN GENERAL

The road to the GOOD is the Roughest and steepest in the Universe. It is a wonder that so many succeed, no wonder that So many fall

You have to grow from the Inside out. None can teach you None can make you spiritual

There is no other teacher but Your own soul.

ON MONEY

I have no desire for wealth or Name or fame or enjoyments They are dust unto me...I Want to help my brethren.

If money helps a man to do Good to others, it is of some Value; but if not, it is simply a Mass of evil and the sooner it Is got rid of, the better.

ON EDUCATION

We want education by which character is formed, strength Of mind is increased, the intellect Is expanded and by which one Can stand on one's own feet.

TIPS FOR AN EXCEPTIONAL, SUPERB & POWERFUL LIFE!

Take a 10-30 minutes walk everyday and while you walk , smile. It is the ultimate antidepressant. Sit in silence for at least 10 minutes each day. Buy a lock if you have to.

Always pray and make time to exercise.

Spend more time with people over the age of 70 years and under the age of 6 years.

Eat more foods that grow on trees and plants. And eat less foods that are manufactured in plants

Drink green tea and plenty of water. Eat broccoli, almonds and walnuts.

Try to make at least three people smile each day.

Clear your clutter from your house, car, desk and let new and flowing energy into your life.

Don't waste your precious energy on gossips, issues of the past, negative thoughts and things you cannot control.

Instead invest your energy in the positive present moment.

Realize that life is a school and you are here to learn. Problems are simply the part of the curriculum that appear and fade away like algebra class....but the lessons you learn will last a lifetime.

Eat breakfast like a king, lunch like a layman and dinner like a beggar.

Life isn't good, but its still good

Life is too short to waste time hating anyone.

Don't take yourself so seriously. No one else does.

You don't have to win every argument. Agree to disagree.

Don't compare your life to others. You have no idea what their journey is all about.

Ladies – go on and burn those special candles, use the 600 thread count sheets,

the good China and wear fancy clothes now. Stop waiting for a special occasion. Everyday is special.

No one is in charge of your happiness except you.

Frame every so-called disaster with these words, 'In five years, will these matters?'

Forgive everyone for everything.

What other people think of you is none of your business.

Time heals almost everything. Give time, time!

However good or bad a situation is, it will change.

Your job won't take care of you when you are sick. Your friends will. Stay in touch with them.

Get rid of anything that isn't useful, beautiful or joyful.

Envy is a waste of time you already have all you need. God provides, remember!

Remember that you are too blessed to be stressed.

Enjoy the ride. Remember that this is not Disney World and you certainly don't want a fast pass.

You only have one ride through life so make the most of it and enjoy the ride.

LIVE, LOVE, LAUGH. LIFE'S A ... GIFT. THAT'S WHY IT'S CALLED ... PRESENT ... UNWRAP IT!

SAMPATMAL BACHHAWAT

“Men who are occupied in the restoration of health to other men, by the joint exertion of skill and humanity, are above all the great of the earth. They even partake of divinity, since to preserve and renew is almost as noble as to create.” - Voltaire (1694-1778)

Tete a Tete with our Chairman

If you walk into the office of Kothari Hosiery Factory, and meet Sri. Dau Dayal Kothari, Chairman of our Shree Kothari Bhaipa Panchayat Trust and past trustee of Maheshwari Sabha, Kolkata you would be forgiven if you think this handsome young man is 25 years old and not 3 times that age. The enthusiasm and dynamism coupled with the polite oratorical skills of Sri. Dau Dayal Kothari is something one cannot miss. He happens to be the person who enjoys very high popularity & immense respect in the industry as well as in the society. He carries with him an aura of immense knowledge about the industries he has been part of for the last 55 years, and wide experience in the social sector as past president of, Bharat Chambers of Commerce & Rotary club of Kolkata. We are indeed fortunate to have him share his thoughts about his take on business & the society among many other things in a conversation below with our Working Committee member Ashwini Kumar Kothari

Q- How would you describe your work-life experiences?

Ans.- The pre-liberalization era was difficult times in India. Most of the consumer things that are taken for granted today did not even exist in the Indian consumer mind, and doing business during the license raj was a different challenge in itself. Even basic raw materials, spare parts were controlled, and hence consumers did not have a choice in quality of materials. It was during this time that I saw an opportunity to provide quality products in the market. I moved towards manufacturing fine mercerized vests, although vests are basic necessity goods, but quality vests during those difficult times were a rarity.

Q- What is the one value that defined the way you conducted business? What would you suggest to budding entrepreneur?

Ans.- Maintaining quality of the product in the market is of utmost necessity, hence my company's motto "Quality that never varies". It is imperative in whatever field that one works, one should have a standard quality to offer. For the young entrepreneurs in our industry, there are many opportunities; I would advise them to have patience and self-belief, because one would need these for persevering during tough times.

Q- You have played an important role in various social organizations as well and have represented the industry at various platforms. Please share your experience regarding the same with us.

Ans.- Yes, indeed I have been fortunate to have various opportunities to represent our society and industry at various platforms. As human beings one has lot to be grateful for and one should always try and to give back to society in whatever way one can. I believe giving time, (a scarce resource) is the best way.

Q- Do you believe that the younger generation is being influenced by western cultures and losing our roots in the process?

Ans.- Yes and No, Yes we are being influenced by other cultures, this is the age of technology, we can communicate virtually with anyone in the world, exposing us to their thoughts, nature, behavior among other aspects, however I do not believe that we are losing our roots in the process. The roots of our society are centuries old, as human beings we evolve, and with us, so do various facets of our society; nothing can be stagnant, as change is the only constant in this world. However it is more important now that elders spend more time with the youngsters. Children today are more rebellious in nature, we ourselves teach them to question systems, and hence we need to be patient and friendly in explaining to them why we do things the way we do.

Q- How do you want to be remembered?

Ans.- A person who was old by age but became young by actions

Q- This interview would not be complete without this question. What is the secret of your energy?

Ans.- (Laughs) Life is a gift and it is important for one to enjoy what he is doing in his life. If you enjoy what you are doing for as a living, energy finds its own way. I find a lot of people treating work as duty, work is more than that, one needs to treat work as faith and not as ritual. Once you treat what you do, be it in your professional life or your personal life as faith, you tend to respect it more, and that is what creates the energy. Being grateful for what you have but endlessly trying to expand your horizon is key to my energy.

Q- In your words your philosophy of life?

Ans.- Be honest, work hard, have faith in oneself - you are bound to succeed.

Current Up date on Land of SKBPT Opp Vedic Village

Year 2010 After Completion of the Boundary Wall, we have also completed the land filling work. We are planning to go ahead with making Durwan Room, Store room & Room for electric meter.

We are grateful to all our trustees & members who have so generously come forward for this noble cause and who have collectively contributed around Rs 32 lacs. Out of which Rs 18 lacs (appx) has already been spent on the above project. We also need to keep a sizeable fund with the Trust to meet security and other allied expenditures from time to time.

The members who are yet to contribute, we will request them to feel free to come forward. The size of contribution is not that important but what is more important is your involvement and trust which you put in your organization when you contribute for the project. There is a saying "To be ready to give is good, to know when to give is better but to give is the best" - We would also like to inform you that contribution made to Shree Kothari Bhaipa Panchayat Trust is eligible for deduction u/s 80G of Income Tax.

For the collection drive we would like to thank our V.P. & Trustee Sri S.R. Kothari, Sri H.G Kothari and Sri H.B.Kothari & Sri R.K.Kothari who spearheaded it and visited many of our Brothers and persuaded them to come forward and to contribute generously for the same. Regarding site work we would like to specially thank Shri Hari Mohan & Shyam Sundarji Kothari who have so deftly handled the work at site.

Status of proposed project of Residential plots behind the SKBPT Land

After we had received Expression of Interest from the applicants in 2008 it was followed by imbroglio at Vedic Village due to which many land deals in the area was under the scanner of the administration. It led us to delay our plans But in recent times things have improved and we have started working on our plans, shortly we expect to take a concrete decision on it and accordingly we shall be communicating with the applicants
